Deep cleaning guide

A more detailed clean for a fresh feeling home.

Our deep clean builds on routine cleaning with extra time for edges, fittings and removable build-up. It suits an initial clean, a seasonal refresh or a home that needs more detailed attention in selected areas.

The inclusions below apply to the rooms agreed in your quote. We work around your belongings and accessible furniture. If the condition or scope needs extra time, we will discuss this with you before undertaking additional work.

Kitchen

SURFACES	Benchtops, splashbacks, cupboard fronts, handles and accessible surfaces cleaned, with extra attention to grease and marks.
COOKTOP AND APPLIANCES	Cooktop, removable components and appliance exteriors cleaned and polished using suitable methods. Appliance interiors are separately quoted.

Planning your deep clean

Extras to include in your quote

APPLIANCE INTERIORS	Full oven clean, fridge, freezer and dishwasher interiors. Empty the appliance and defrost freezers before the booked clean.
INSIDE CUPBOARDS	Cupboard, drawer and wardrobe interiors, once emptied.
WINDOWS	Internal and external window glass, tracks, frames and flyscreens. Accessible window sills are included in the room-by-room scope above.
WALLS AND BLINDS	Full wall washing, wall spot cleaning, blind cleaning and curtain cleaning.
CARPETS AND OUTDOOR AREAS	Carpet steam cleaning, upholstery deep cleaning, outdoor cleaning and pressure cleaning.
SPECIALIST WORK	Mould treatment, grout restoration, permanent stain assessment and construction residue removal.

These extras are included only when stated in your accepted quote. Dishes, laundry, ironing, tidying, organising, rubbish removal and hazardous waste removal are outside the standard deep clean scope.

Before we arrive

Clear benches and floors where possible, put away valuables and personal items, and arrange access to the areas booked. Let us know about pets, delicate finishes and any surfaces needing a specific product or method. Please have power and water available.

A deeper clean with clear expectations

We allow more time for detailed cleaning, but results depend on the surface condition. A deep clean does not restore damaged grout, silicone or finishes, and permanent staining may remain. We do not move heavy furniture or appliances, dismantle fittings or undertake unsafe high-access work.

A CLEAN SHAPED AROUND YOUR HOME

Tell us which areas need the most attention. We can quote a whole home deep clean or focus on selected rooms, then help you plan ongoing routine cleaning if needed.
